Y. M. CLASS NO. 3 TO HAVE BANQUET

SPLENDID RECEPTION
MARION SUNDAY SCHOOLS

A Y. M. Class No. 3 of the Marion Sunday School, will entertain its members at a banquet on Friday night, April 1, at the Marion Hotel. The banquet will be held at 8 o'clock and will consist of a dinner and a program of entertainment. The program will include a play, a song, and a prayer. The banquet is open to all members of the Sunday School and to their families.

The banquet is being given to raise funds for the purchase of a new building for the Sunday School. The building is now under construction and will be completed in the near future. The new building will be a two-story structure and will contain a large hall, a kitchen, and a bathroom. It will also have a playground in the rear.

The banquet is being given at the Marion Hotel, which is a fine building and is well known to all of the people of Marion. The hotel is owned by Mr. J. H. Brown and is managed by Mr. J. H. Brown and Mr. J. H. Brown.

D. E. Gillman has announced himself as a candidate for Sheriff of Crittenden County. He is a well-known man in Marion and is a member of the Marion High School. He is a very capable man and is a very good speaker. He is a very good friend of the Princeton High School and is a very good friend of the Marion High School.

BEST TIME TO HAVE COWS FRESHEN

Cows that calve in the autumn will give more milk and better milk than cows that calve in the spring. This is because the cows are in better condition in the autumn. They have had more time to eat and to rest. They are also in better condition because they have had more time to get used to the cold weather. This is a very important fact for farmers to know. They should try to have their cows calve in the autumn.

PAID UP THANKS

We take this opportunity to thank Mr. J. D. Henderson for his kind and generous donation of a book to the Marion High School. The book is a very good one and is a very valuable addition to the school's library. We are very grateful to Mr. Henderson for his donation and we are sure that the book will be very useful to the students of the Marion High School.

MRS. J. FRANK LOYD DIES

Mrs. J. Frank Lloyd died on Friday night, April 1, at the Marion Hotel. She was a well-known woman in Marion and was a member of the Marion High School. She was a very capable woman and was a very good speaker. She was a very good friend of the Princeton High School and was a very good friend of the Marion High School.

MEN'S BIBLE CLASS MOVES TO COURT HOUSE

Having outgrown their quarters in the auditorium of the First Baptist Church, the Men's Bible Class, No. 12, will hold the lesson period in the Court House, beginning next Sunday, and continuing until the new extension of the Church has been completed, which will probably be ready for occupancy in the early fall.

Class No. 12, which was reorganized a few weeks ago, is now one of the Standard Classes in the Southern Baptist Sunday Schools, having adopted the Board's method for the study of the Bible and system of management of organized classes. In the matter of teaching enrollment, enlargement, financial features, etc., and having special officers whose duty it is to look after their respective lines of work.

An organized class it has gone forward at a steady rate in attendance and interest in the study of the Bible and in many other ways, and the class now finds it necessary to seek larger quarters for temporary use, pending the erection of the addition to the church building.

A cordial welcome is extended to the man who is not a member of any Sunday School to join this splendid class and casual visitors are also invited to drop in any Sunday morning. The class will meet at the Court House promptly at 9:30 and after the lesson period, will join the main Sunday School at the church for the closing exercises. —Class Reporter.

MARINES RESUME RECRUITING

The Marine Corps was the first branch of the service to lift the temporary ban on recruiting, when it was announced this week that applicants without previous service would be accepted. For the last two months recruiting for the Marine Corps has been limited to re-enlisted Marines only. Major General Lejeune directs recruiting officers to accept men for either three or four years, the two-year enlistment being abolished. Physical, moral and mental standards are to be kept as high as possible, and no man who is less than twenty years old, sixty-five inches in height, and weighs less than one hundred and thirty pounds is to be accepted. The total strength for the Marine Corps when general recruiting ceased last January, was approximately 22,000. It is now slightly under that figure.

EYE TALKS

Most everyone is under the impression that good vision means perfect eyes. Statistics show that less than one percent of all eyes are hyperopic, ninety percent are hyperopic (far sighted) or blind. Approximately seventy-five percent of all hyperopes have normal vision or better, and of the remainder, all but five percent can be made to see normal. In hyperopia the eyeball is either too short on its axis or there is not enough curvature to the iris, so that light rays from distant objects do not focus beyond the back of the eye.

The eyes are the only organs in the body having facilities for overcoming their anatomical defects and hyperopia is the only defect they can overcome. But in so doing they require a greater amount of nervous energy, which affects the general system because when the excess current in the eyes is turned on the entire system is increased in voltage with the result that normal parts receive too much current and the increased tension interferes with their work, causing complications from eye strain to hysteria to heart consumption. It finds the eye under strain is a constant source of trouble and final slow but sure destruction of the heart. It is the most common cause of the skipping of beats.

Don't wear your eyes, for they are the most important part of your body. Don't have many windows in the barn—the hired man might look out. Keep water ice cold—shivering gives the cows exercise. Avoid heavy milking—they can't do too much valuable time. Misses Melba Williams and Forest Hamrick who are attending school in Evansville are spending the Easter holidays at home. G. P. Slayton was in the city Friday on business.

A number of citizens have been
making inquiry of us about the status
of the State Highway which is to be
built from Louisville to Paducah. In
order to get facts to give our read-
ers, we wrote Mr. Joe S. Hedges,
State Highway Engineer. The fol-
lowing is the correspondence:

J. S. Hedges State Highway Engineer
Frankfort, Kentucky

Dear Sir:

I write for information for our
people concerning the Ohio River
Highway.

I am informed by a daily of Mar-
ch 24, 1921, contract has been let for
54.81 miles of the Ohio River Road
from Louisville to Paducah. The
statement goes on to say that the
contract was let to the lowest bidder,
May for Henderson, Dayton and En-
ter County, Kentucky, and will have
plans ready for Livingston County
under by April 15. No mention was
made of the Crittenden County Sec-
tion.

Could you inform me why Crit-
tenden County was left out?

Will appreciate any information
concerning this matter. Yours truly,
W. F. HOGGARD

Mr. W. F. Hoggard, Marion, Ky.

Dear Sir:

I am in receipt of your favor of
the 25th instant, and note your in-
quiry as to why Crittenden County
has been left out by this Department
in the program of construction work
this season on the Ohio River Road
from Louisville to Paducah.

I would advise that appropriation
made during the administration of
Rodman Wiley, Commissioner of
Public Roads was to largely come
out of a county road bond issue and
that as the resolutions for making
this appropriation were not concurred
in by the County Road Commission
the Attorney General last year de-
clared the appropriation to be in-
valid and void. Since that time Crit-
tenden County has not indicated in
any way their financial co-operation
in this construction work other than
a tender of loaning the money to the
State which matter was in abeyance
until an injunction suit from Hip-
kins County was decided in the Court
of appeals as to whether or not a
county could loan money to the state.

In view of the fact that certain
provisions were made by the Court
of Appeals in this decision the State
Highway Commission at their meet-
ing on March 15 went on record not
to accept loans from any county.

As I see the matter now unless
Crittenden County is willing to con-
tribute to this Department that part
of the cost of construction to which
their Fiscal Court attempted to addi-
gate them, no work in the near future
will be done on this project in your
county.

Yours very truly,

JOE S. HEDGES,
State Highway Engineer

IT PAYS TO ADVERTISE

The Press takes a great pride in
the number of correspondents that it
has writing for it. More than 30 sec-
tions of the county are represented
weekly by them, giving the happen-
ings and the local news of their res-
pective communities. This gives the
Press an unusual amount of home
news, thereby making it to be read
widely by our county people.

This gives our local merchants an
opportunity to put their advertising
before Crittenden county people in the
best possible form. Many of our
merchants, as well as other business
interests are taking advantage of
this opportunity and are calling the
attention of our readers to their busi-
ness—and with results.

Through the medium of our people
are brought to Marion. The writer
recently met three parties on the
train, and looking for how he made
their acquaintance. He stated that
they were coming away from their
own county and town for two of
them were from adjoining counties.
On meeting the same parties at the
depot that afternoon, all loaded with
merchandise, he asked them why
they came to Marion to do their shop-
ping. They replied that they could
get better prices here than elsewhere
and that they saw these prices adver-
tised in the Press.

It pays to advertise in the Press.

ANNOUNCEMENTS FOR TAX COMMISSIONER

In this issue of the Press is the
formal announcement of W. K.
Powell for re-election to the office of
Tax Commissioner of Crittenden
County, subject to the action of the
Republican primary of August 3,
1921.

Mr. Powell has served one term
in the capacity of Tax Commissioner
and has made a very efficient and
commendable officer and if re-elected
no doubt he would continue to give
satisfaction as an officer.

REVIVAL AT CHRISTIAN CHURCH

As had been announced a series
of meetings began at the Christian

CHARACTER IN FEATURES

An upward turn of the point of the
nose denotes an inquiring mind.

Two upright lines planted between
the eyes denote love of justice.

Eyes that are round, large, full, and
clear denote love of the opposite sex.

Oblique fullness at the side of the
chin just below the upper lip denotes
jealousy.

A perpendicular forehead with a
nose which sticks down at its root de-
notes laziness.

A long interval between the nose and
the mouth is the indication of want
of prudence and precipitation.

Large, clear, transparent eyes which
move incessantly the eyelids being
slightly dilated, denote quick judg-
ment.

Buffed, irregular eyebrows that are
well pronounced and not far from the
eyes give intellectuality and irritabil-
ity, a not unusual combination.

Fullness in the cheek by the side
of the mouth denotes impulsiveness.
The lower portion of the forehead pro-
jecting and the upper receding gives
determination but lack of thought.

An indentation or dip in the
center of the chin signifies the more
anxious to resolve love than to bestow
the same. The upper lip is often raised
in such subjects showing the middle
teeth. A chin which is both narrow
and square also indicates a desire for
affection, but not given to constancy
in love.

STARS AND STRIPES

Minutes invested in idleness bring
their hours of toil.

Time is time is an ugly wench
mostly mouth and ears.

The fellow who turned the other
cheek is still in the hospital.

The man who is always in a hurry
is usually running around in a circle.

Greediness is the worst form of
poverty. Its walls can never be satis-
fied.

There are more human sacrifices in
the gift of pleasure than to the god
of war.

When men began to wear crowns of
thought crowns of jewels began to
go out of fashion.

Men who look for pall are usually
those who most need push to get
what is coming. We fast need to keep
going.

He who accumulates a host of bad
habits need fear no other enemy for
they will accomplish his downfall un-
opposed.

One of the doctors says it is wise
to try to be a good humor when you
are wrong. That being the case don't
look at the prices when you are giv-
ing your order to the waiter—Chicago
Herald and Examiner.

WISE THOUGHTS

There is more fun in leading
than leading.

The dearest thing you can sell
is your own self-respect.

You cannot be justice to your
work unless you enjoy it.

To fair well yourself help
along the welfare of others.

Unacquaintance of ignorance is
no small part of knowledge.

Isolating work is the hardest
work of all and yields the poor-
est returns.

It is exceedingly foolish to
worry ourselves with what can
be remedied.

QUIET THOUGHTS

To feel to love, to suffer, to live far
selfishness will ever be the test of
a good woman's life.

One of the first essentials in secur-
ing a good-natured personality is not
to expect too much of the people
among whom you dwell.

In life troubles will come whiled
look as if they never would pass
away. The night and the dawn look
as if they would last forever, but the
calm and the morning cannot be
stopped.

SAYS THE OWL

We often see weak old women and
weak old babies.

Time makes all things even except
in a poker game.

Lots of women who are short on
senses are long on dollars.

Widowers, like tumble-down houses
should be repaired.

Trying to keep from worrying is
what worries some people.

It costs money to build and money is hard
to get.

Don't take risks with your buildings.

THE ROMANCE OF WORDS

"BOLSHIEVISM"

LISTED among the most important words of the day is "Bolshevism." It is a word that has caused much discussion and controversy.

Originally the word was used to describe the Russian revolution. It has since become a general term for any form of radicalism or socialism.

THE SOUL

I have been thinking of the soul lately. It is a word that has been used for centuries, but what does it mean?

The soul is the part of us that is immortal. It is the part that feels, thinks, and loves. It is the part that makes us human.

It is the part that is the most precious to us. It is the part that we want to save for ever.

It is the part that is the most mysterious. It is the part that we do not fully understand.

It is the part that is the most beautiful. It is the part that makes life worth living.

It is the part that is the most powerful. It is the part that can change the world.

It is the part that is the most loving. It is the part that can bring peace to the world.

It is the part that is the most faithful. It is the part that can stand by us in our darkest hour.

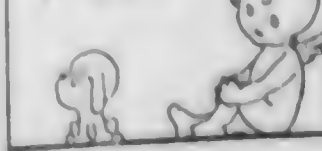

It is the part that is the most generous. It is the part that can give of itself without thought of return.

It is the part that is the most brave. It is the part that can face death with courage.

It is the part that is the most kind. It is the part that can bring joy to the world.

THE CHIEF OF THE CHIEF

Music floats in at the window, My heart which was weary and sore Is soothed by the strains. I'm so thankful They have a victrola next door.

HOME TOWN HELPS

TAKING CITY INTO COUNTRY

England Putting Into Effect Scheme Which Seems to Be Along Lines of Common Sense.

In England, instead of developing suburban communities, they are trying the scheme of taking the city into the country, to the benefit of the city and doing no harm to the country. Every new development in England will be partially a garden city, with plenty of open spaces, recreation grounds, golf courses, well-placed factories and industrial sections, and healthful residential quarters. The worker will have his patch of ground, and the usual smoke and grime of industrial communities will be prevented.

Two guiding schemes, many of them suggested before the new plan was generally adopted, were naturally much delayed by preoccupation during the years of war with more urgent matters and since the war by a housing scheme which occupied the full attention of the technical staffs of the local authorities. For the best results, two planning schemes were presented, leading to the extreme urgency of the latter, however, it had to go forward first.

In all building schemes and proposals for improvement there is, of course, a liability date to certain of property by the invasion of rights they have enjoyed for many years. Compensation in such cases is payable to the injured owner. No claim can be made, however, for injury to buildings erected in improvements made subsequent to the adoption of the new planning scheme. And the further important provision is made. That all the new schemes shall be of the nature of a garden city, with plenty of open spaces, recreation grounds, golf courses, well-placed factories and industrial sections, and healthful residential quarters. The worker will have his patch of ground, and the usual smoke and grime of industrial communities will be prevented.

Simple Contrivance Will Solve Many Problems That Have Probably Long Puzzled Housewife

What to do with paper trash, rags that have collected in the kitchen, paper boxes and a hundred other things that accumulate and which are known as trash is a problem for every housekeeper. Yet it can be easily solved. A new contrivance has been invented that will solve this problem. It is a simple device, but it fills the kitchen with a new, neat, and efficient contrivance, and it is a great help to every housekeeper. As for the trash, it is a simple device, but it fills the kitchen with a new, neat, and efficient contrivance, and it is a great help to every housekeeper.

A simple contrivance which is easy to use and can be placed in the kitchen will solve many problems that have probably long puzzled the housewife. House Withers Under Gills

Although quiet Greek girls are day after day very pretty, they begin to pull and powder from a very early age—the cheeks bright red, the eyebrows and lashes deepest black, and curls delicate blue. The result is that they are withered old women at first, and then become uglier females to be found than beneath the blue skies of this classic land.

80 Years Old - Was Sick

Now Feels Young After Taking Etonic for Sour Stomach

"I had sour stomach ever since I had the grip and it bothered me badly. Have taken Etonic only a week and am much better. Am 81 years old," says Mrs. John Hill.

Etonic quickly relieves sour stomach, indigestion, heartburn, bloating and distress after eating because it takes up and carries out the excess acidity and gases which cause most stomach ailments. If you have "tried everything" and still suffer, do not give up hope. Etonic has brought relief to tens of thousands like you. A big box costs but a trifle like your druggist's guarantee.

Do you know what You're talking about?

THE is the question which a fair-minded man asked a friend the other day when he reported that a Trust Company was the most expensive way to handle an estate. The man who said that it was expensive to handle an estate through a Trust Company was honest in what he knew because he didn't know anything about what he was talking. When his friend asked if he knew what he was talking about he confessed that he didn't KNOW but was only giving his OPINION. Opinions are dangerous things to deal with when the welfare of some loved ones depends on them. If at your death you leave your loved ones a thousand dollars or ten thousand dollars you want to know that they will get the benefit of what you leave them. You don't want anybody else's OPINION as to what they THINK will be the best thing to do. You want somebody that KNOWS.

The man who says that it costs more for a Trust Company to look after an estate or act as guardian doesn't know what he is talking about. The law settles that matter and the Trust Company MUST ACCOUNT FOR EVERY PENNY TAKEN IN AND PAID OUT. When you have THE FARMERS BANK AND TRUST COMPANY to look after your affairs as administrator or guardian there are no "ifs" nor "ands". There is no "guess-work." There are no expensive "opinions". There will not be a risk in run of taking notes that are good in somebody's OPINION. It is our business to look after estates exactly according to law and a moment's reasoning should convince any right-thinking man or woman that we can do it cheaper and better than any individual.

Just come in some day, regardless of whether you are directly interested or not and let us talk the matter over together.
